---

## SUMMARY

Seeking a responsible position in the field of computer science where I can contribute technical expertise, leadership capabilities, and analytical skills to support organizational objectives while continuously enhancing my professional development.

---

## WORK EXPERIENCE

**Web Designer / Developer | Team Lead** Jan 2024 - Present  
*Sunshell Digital Marketing Agency*

- Managed end-to-end website development, content management, and maintenance using Wix and WordPress, aligned with business goals and timelines.
- Developed fully responsive, mobile-friendly websites with optimized UI/UX design to enhance user experience and engagement.
- Led and coordinated cross-functional teams, assigning tasks, tracking progress, and ensuring high-quality deliverables.
- Managed website content creation, updates, and optimization, ensuring accuracy, consistency, and SEO compliance.
- Implemented SEO best practices, including on-page SEO and content optimization, to improve organic traffic and search rankings.
- Created and managed professional email accounts, including email setup, configuration, and administration.
- Created, optimized, and managed Google Business Profiles (GMB) to strengthen local SEO and online visibility.
- Planned, executed, and optimized Google Ads (PPC) campaigns, including keyword research, ad creation, budget management, and performance analysis.
- Analyzed Google Ads and GMB performance metrics to improve conversion rates and ROI.
- Handled MSME (Udyam) registration, documentation, and updates in compliance with government guidelines.
- Managed domain registration, DNS configuration, hosting environments, deployments, backups, updates, and troubleshooting.
- Successfully managed multiple projects simultaneously while meeting tight deadlines.

**Intern - Web Development** Aug 2022 - Oct 2022  
*DigitalDrop*

- Learned and applied HTML, CSS, JavaScript, and Bootstrap to develop responsive web interfaces.
- Built and managed WordPress websites with a focus on usability and responsive design.

**Apprentice — Maintenance Department** Aug 2019 - June 2020  
*Binani - Goa Glass Fibre*

- Worked in the Maintenance Department supporting daily operational and technical activities.
- Gained hands-on knowledge of industrial equipment including valves and cylinders.
- Assisted in issuing work permits and maintaining records using SAP systems.

---
